1005	<a href="#">LANDS program visit to Shields Ranch</a>	TWA's educational program, Conservation Legacy, helps immerse both children and adults into the wonders of nature from the classroom to the back sendero. The youth program is called LANDS (Learning Across New Dimensions in Science). LANDS works with students K – 12 and teaches subjects such as land ethics, conservation, wildlife and land management, ecosystems, soils, plants, and how to be good land stewards on private lands. Sponsored by the Texas Wildlife Association (TWA).	DS	Koy Coffey	830-792-3070	<a href="mailto:kcoffer@texas-wildlife.org">kcoffer@texas-wildlife.org</a>
1006	<a href="#">Texas Amphibian Watch</a>	Texas Amphibian Watch gathers long-term data to assess amphibian populations trends. Work includes support to training (planning, preparation, meal prep, registration) and other related Amphibian Watch activities.	CW			
1007	Rainfall Simulator	Demonstrate and maintain the rainfall simulator.	CW	HCMN	none	<a href="mailto:pres@haysmn.org">pres@haysmn.org</a>
1010	Charro Ranch Park	Charro Ranch Park is a passive nature park in Dripping Springs intended primarily for walking, hiking and nature viewing. The Master Naturalist volunteers will collaborate with the City of Dripping Springs Parks and Recreation Department to preserve the natural resources, enhance and maintain the park for visitor enjoyment and learning, and provide environmental stewardship education to the community .	DS	Garry Child	512-903-1060	<a href="mailto:garrychild@gmail.com">garrychild@gmail.com</a>
1101	<a href="#">Hays County Invaders</a>	Hays County Invaders is a satellite of the Texasinvasives.org program organized to identify and report the location of invasive species in Hays County. Volunteers must complete training in order to submit reports to the database.	CW	Lance Jones	512-665-1776	<a href="mailto:lancej1s@gmail.com">lancej1s@gmail.com</a>
1103	<a href="#">Austin Parks Foundation</a>	Barton Springs Pool - South Side Invasives Removal. Continuing effort to remove non-native trees and plants and help restore this portion of the Barton Springs Pool area.	NA	Austin Parks Foundation	512-477-1566	
1107	Healing Hands Healing Lands	Help restore public and private lands devastated by wildfires by making and distributing seed balls of native grasses and wilflowers.	NA	Sue Wiseman	512-289-3740	<a href="mailto:smwiseman@austin.rr.com">smwiseman@austin.rr.com</a>
1108	Light Pollution Education and Outreach	The activities in this project include: 1) Educating people about what light pollution is, its negative effects, and how to solve it. 2) Training others so that they are able to lead programs in educating people about light pollution. 3) Designing and recommending solutions for specific sites to reduce light pollution.	NA	Cindy Luongo Cassidy	512-858-1098	<a href="mailto:cluongo@me.com">cluongo@me.com</a>

Number	Project	Activities	Location [See Footnote]	Master Naturalist Contact	Phone	Email
1110	<a href="#">Project Feeder Watch</a>	Project FeederWatch is a winter-long survey of birds that visit feeders at backyards, nature centers, community areas, and other locales in North America. FeederWatchers periodically count the birds they see at their feeders from November through early April and send their counts to Project FeederWatch. FeederWatch data help scientists track broadscale movements of winter bird populations and long-term trends in bird distribution and abundance.	CW	Randy Garst	512-963-5444	<a href="mailto:RandyGarst@zeecon.com">RandyGarst@zeecon.com</a>
1201	Lake Kyle	This project involves maintaining and improving the environment for the benefit of wildlife and the public. It gives Kyle HCMNs a local place to volunteer and make a difference in their immediate community. There will be opportunities to educate the public through talks and demonstrations/displays.	K	Judy Burdett	512-268-3839	<a href="mailto:judyburdett49@gmail.com">judyburdett49@gmail.com</a>
1203	<a href="#">Tree Folks</a>	<p>Since 1989 TreeFolks has planted 250,000 trees in and around Austin at schools, parks, in medians, right of ways, community gardens and greenbelts. Our impact preserves Austin's quality of life by cooling the air, cleaning precious water, sheltering us from the hot Texas sun, and by providing a shaded sense of place that fosters a healthy, connected community.</p> <p>Annually we plant more than 10,000 trees and provide stewardship opportunities that log nearly 30,000 volunteer hours! We invite you to join us in creating a healthier environment and enhancing the quality of urban life in central Texas.</p>	NA	No MN Contact Rebecca Johnson	512-443-LEAF	<a href="mailto:volunteer@treefolks.org">volunteer@treefolks.org</a>
1204	<a href="#">Dripping Springs YMCA</a>	<p>Community Garden at the Dripping Springs YMCA. Volunteers will build memorial benches, plant and maintain edible and decorative garden areas and demonstration sites for native grasses, native edible plants and medicinal herbs.</p> <p>The garden will feature native and adapted plants, locally-sourced materials, and will be organic. The wooded area is already a wildlife habitat and it is our goal to maintain this area as essentially "wild", except for stone benches.</p>	DS	Susan Cook	512-695-9290	<a href="mailto:Majesta484@aol.com">Majesta484@aol.com</a>
1301	<a href="#">Travis Audubon: Chaetura Canyon</a>	Bird Sanctuary of the Travis Audubon Society. Managing the natural resources and natural areas of the site.	T	Paul & Georgan Kyle	512-453-2604	<a href="mailto:Kbjv@verizon.net">Kbjv@verizon.net</a>

Number	Project	Activities	Location [See Footnote]	Master Naturalist Contact	Phone	Email
1302	<a href="#">San Marcos Watershed Initiative</a>	Development of a Watershed Protection Plan for the Upper San Marcos Watershed	SM	Chris Clairy	512-245-7551	<a href="mailto:smwatershed@txstate.edu">smwatershed@txstate.edu</a>
1304	<a href="#">US Fish &amp; Wildlife Projects</a>	dvd is offered for a donation.	SM	Leah Laszewski	512-667-6676	<a href="mailto:mn.leah@yahoo.com">mn.leah@yahoo.com</a>
1305	Wild Basin	Wild Basin Wilderness Preserve was founded in 1974 to protect some pristine Texas Hill Country and to provide nature education programs. Visitors enjoy 2 1/2 miles of hiking trails that pass through woodland, grassland, and streamside habitats. These habitats are home to threatened and endangered species, and hundreds of native plants, animals and birds. Wild Basin's nature education programs are funded by special events, memberships, corporate donations and grants.	T	Garry Child	512-903-1060	<a href="mailto:garrychild@gmail.com">garrychild@gmail.com</a>
1306	Hays County Birding Project	Develop a sustainable birding environment in Hays County that creates a destination for birders both locally and nationally. The birding environment should result from beneficial management of natural resources and natural areas within Hays County consistent with the County's long range plans..	CW	Larry Calvert	512-484-0422	<a href="mailto:lecalvert@gmail.com">lecalvert@gmail.com</a>
1307	Wimberley Village Library Nature Garden	The project relates to the TMN mission in that it provides service to a community resource (the library) while at the same time educating the general public on what can be done on a small plot of land. The project also involves KAPS students doing community service who in the process are learning about their natural environment.	W	Christine Middleton	512-413-0182	<a href="mailto:chrismid@austin.rr.com">chrismid@austin.rr.com</a> ,
